

I feel all FCC services should be covered under e-rate.
A set time limit of not less than 6 years should be placed on
equipmenttransferrs and sales that are funded by e-rate.
An online list of eligible and approved products/services would be very helpful,
but I don't feel it should be a part of the 471 form.
The pre-training sessions provided by the Pennsylvania Department of Education
is very helpful. More training session through out the process would also be
appreciated and helpful, especially for first time applicants
